SUMMARY

Enthusiastic MCA candidate with a strong foundation in Python, AI, Machine Learning, and Data Analytics. Experienced in building data-driven applications such as a Hotel Data Management System and a Student Score Prediction System, along with responsive web interfaces. Certified in AI, Python, and Cloud Foundations, with strong problem-solving and collaborative abilities.

TECHNICAL SKILLS

Programming: Python, C

AI & Machine Learning: AI, ML, Regression, Classification, Model, Evaluation, Scikit-learn

Data Analytics: Pandas, NumPy, Matplotlib, Power BI, MS Excel

Web Technologies: HTML, CSS, JavaScript, Tailwind, React.js

Databases: MySQL, Oracle, MongoDB

Tools: Git, GitHub, Visual Studio Code

CRM: Salesforce

PROJECTS

Portfolio | cheerful-creponne-63e9d9.netlify.app

– Designed and developed modern, responsive, and interactive user interfaces using frontend technologies with a focus on usability and performance.

Hotel Data Management System | Python, Power BI, Excel

– Developed a Hotel Data Management System using Python, Power BI, and Excel to manage bookings, customer records, room availability, payments, and hotel operations with interactive dashboards and analysis.

Student Score Prediction System | Python, Machine Learning

– Built a machine learning project to predict student scores using academic/performance-related input data. Applied data preprocessing, feature preparation, model training, prediction, and evaluation using Python and ML tools.

EDUCATION DETAILS

COURSE NAME	INSTITUTE NAME	UNIVERSITY / BOARD	YEAR OF PASSING	SCORE DETAILS	COURSE TYPE
MCA	Noida Institute of Engineering and Technology (NIET)	AKTU	2027	9.14 CGPA	Full-time
BCA	College of commerce, Arts & Science	Patliputra University	2025	69.6%	Full-time
12th	Mahabodhi Mahavidyalaya	BSEB	2022	77.8%	Full-time
10th	St. Michael's Academy	CBSE	2020	80%	Full-time

CERTIFICATIONS & TRAINING

– Microsoft Cybersecurity Certificate – CISCO
– Next Gen AI – Infosys Springboard
– Introduction to Python – Infosys Springboard
– C Language Programming – Infosys Springboard
– AWS Academy Graduate – Cloud Foundations – AWS Academy
– Salesforce CRM – Cloud Analogy

SOFT SKILLS

Problem Solving • Analytical Thinking • Verbal & Written Communication • Team Collaboration • Time Management • Adaptability
